

New Members App Launching 1st August 2021

Dear Students & Parents

I am thrilled to announce that we are nearing the completion of a major investment for our members with the introduction of our very own branded student app powered by Wellness Living. Founded in 2013, Wellness Living is a cloud-based membership management software for small businesses. Especially popular among fitness and wellness businesses, it has been adopted by thousands of martial art schools. Now, Tring Martial Arts Academy is joining this list.

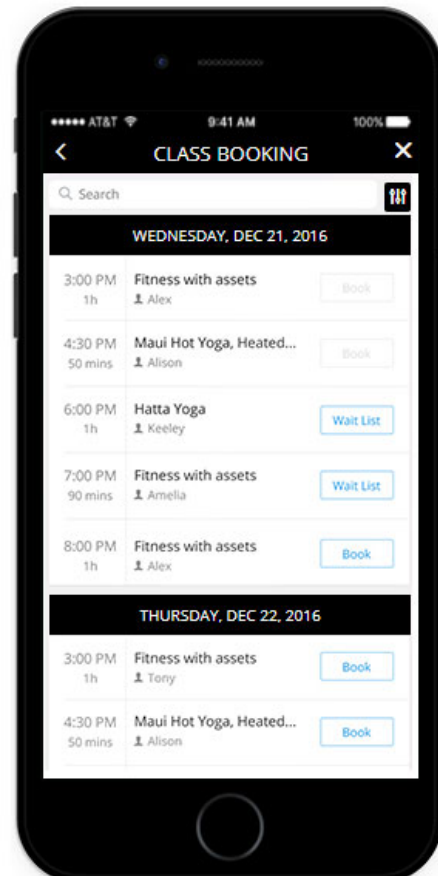

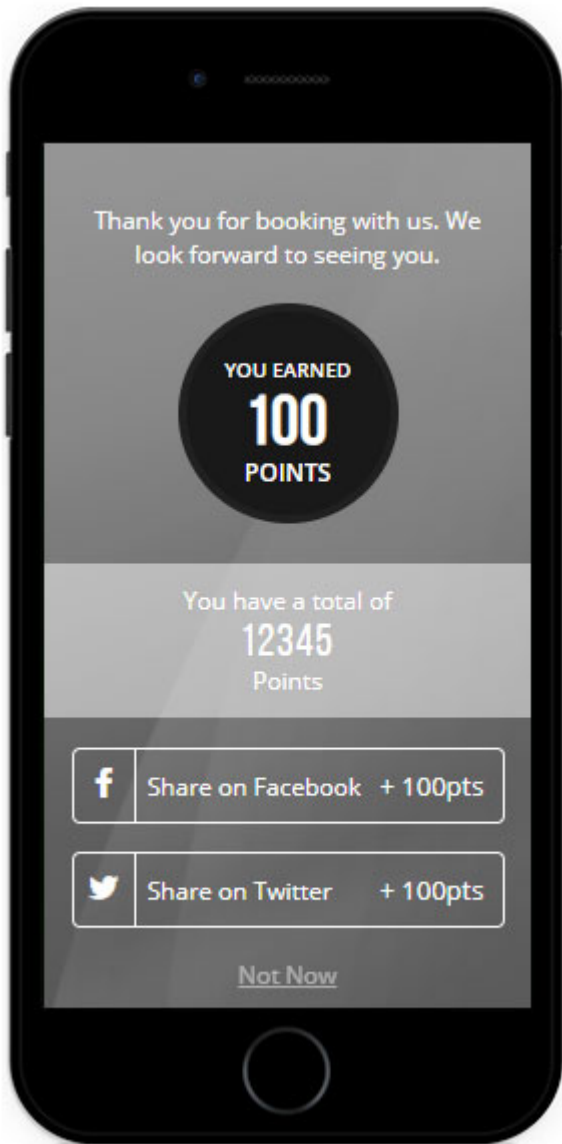

Our new members app and software replaces Mindbody and the best news is that we have migrated your membership and payment information securely and directly into the new system via our merchant bank. The only action you will need to take is to download the free app from your app store. The app is available for both android and apple devices.

Once you have downloaded the app, simply login to your account using the credentials associated with your account.

We understand the link between the App and the Live or Recorded Feed negates the need for a password.
